Holiday activities at the United Methodist Church

By Calvin Morrison
Pastor, NCUMC

Community. Compassion. Christ.

That is the Vision Statement for the United Methodist Church of New Carlisle. As a congregation we enjoy being actively involved in the community.

We will be supporting the New Carlisle community food pantry during the Christmas in New Carlisle Parade. Just as we do during Hometown Days, we will be pushing shopping carts collecting non-perishable food items.

We appreciate your help in this. All the items you bring for the carts go to the food pantry for distribution.

The parade starts at 6 on Sunday, November 27th. Please help us in this endeavor.

We will have our annual Thanksgiving carry-in dinner on Sunday, November 20th. If you would like to join us, contact the church for more information. Our worship is at 10 a.m., we will be sitting down to eat around 11:30 a.m.

On December 3rd we will be hosting some special visitors from the North Pole. Santa and Mrs. Claus will be joining us for dinner.

This is a special night for families and pictures with Santa are encouraged. Seating is limited as a special table is set for the young people to enjoy a meal with Santa. This is also a carry-in dinner. If you are interested, you can RSVP at 574-654-7442 or email ncumchurch@gmail.com.

We know this is baking season. If you are interested we have Terri-Lynn brand nuts available as well as

chocolate covered goodies. Contact the church for more information.

Our Christmas Eve service will be at 6:00 on December 24th. Come and celebrate the reason for the season with us.

Be blessed and be a blessing.

The Community Reserve

By Mary Ann Swope
For The Gazette

If you have ever been so unfortunate as to lose your home to a fire or other disaster, you will want to know there is assistance available. Or, if it is time to pare down your household furnishings, the Community Reserve in New Carlisle is available to pick up your donations.

The Community Reserve Inventory Barn, also known as the C.R.I.B., has been open for seven years and has served 426 cases of need—98 so far in 2016. The C.R.I.B. holds donated furnishings that often fill the need of families who have experienced a natural

disaster and have lost most or all of their possessions. *This all started with \$400 and a big box truck!*

Marvin LaRue took time out from his service to our community to inform our town and area what this is all about and how we all might also be of assistance. Miles Hooton and Larry Merkner, along with LaRue, opened the Community Reserve in 2009. The work is done under the New Carlisle Wesleyan Church status.

Besides the C.R.I.B. in New Carlisle, there are 17 different area organizations that are helpful to those who have suffered in vari-

Holiday tips from Recipes, Etc.

By Barbara Peterich
For The Gazette

As promised, Recipes, Etc. will be devoted again to some Thanksgiving time savers for you.

Here are some tidbits:

1. Do your grocery shopping before the influx of shoppers - you are asking for trouble if you wait until the day before! Take your recipes with you.

2. Write out a menu - go through it and try to simplify.

3. Never test out a new recipe on your guests - by the way the easier the better.

4. Make out a game plan - work backward - for example if your dinner is scheduled for 4:00 pm - the turkey must go into the oven at noon; have the turkey come out an hour or so before your guests arrive - then have the turkey rest for an hour.

Make your side dishes the day before like salads, cutting up veggies, etc.

5. Set your table the day be-

fore - Thanksgiving is about celebrating the harvest season, so bring some of the Earth's bounties to your dinner table with branches and leaves collected from your backyard, for your dinner napkins, place a sprig of your favorite herb like rosemary and tie with raffia.

Add a simple parchment paper with the guest's name. Simple and inexpensive.

6. Use your crockpot for side dishes - some people have even used for their turkey (such as turkey breasts!) Talk about flavor!!!!

7. Add cream cheese, sour cream to your mashed potatoes - a family member of mine always adds sugar!

A tip I was taught years ago from a cook who prepared wedding dinners was to add potato flakes to your mashed potatoes.

8. A simple, but yet very great tasting green beans, is to saute margarine with bread crumbs and then add your green beans and mix together.

Mrs. Janicki of St. Cas always

prepared the green beans like this for our annual fall festival chicken dinner. Try it, talk about simple!

9. Special touch for a pretty presentation of your turkey is to garnish with fresh sprigs of rosemary, sage leaves, grapes and whole cranberries.

10. If you like thinner turkey gravy, add 2 - 3 T. more cold milk; on the other hand; if prefer it thicker, add 1T flour dissolved in 2 T. cool water. Heat to boiling, stirring constantly.

11. For faster cooking time for the turkey, don't stuff the turkey.

12. Add onion soup to your casseroles (instead of chopping onion)

13. Add holiday flavor to your boxed cake mix by adding fresh orange juice and 1 cup fresh or unthawed frozen cranberries to your cake mix.

14. As family guests arrive, hand each a drawn leaf and

have them write about what they are thankful for and place on a board or whatever you choose.

Sausage-Cheese Balls

Make these bite-sized appetizers up to a day ahead of time and refrigerate; bake as directed or cover and freeze unbaked balls up to 1 month. Bake frozen balls 25-30 minutes until brown.

3 cups Bisquick

1 lb. uncooked bulk pork sausage

4 cups shredded Cheddar cheese (16 ounces)

½ cup grated Parmesan cheese

½ cup milk

½ tsp dried rosemary leaves, crumbled

½ tsp parsley flakes

Stir all ingredients until well mixed. Shape into 1 inch balls. Place on sprayed jelly roll pan; bake 20-25 minutes or until brown in a 350 degree oven. Serve warm.

Etc. — Remember this old fable - "those who cook - don't clean up!" Have a wonderful Thanksgiving!

Put Thanksgiving Lessons to Work in Your Financial Plans

Provided By
Edward Jones

Thanksgiving is almost here. Over the years, this holiday has taken on a variety of meanings, most of them centered on family, caring and sharing. You can carry these same values past Thanksgiving into your daily life – and you can certainly incorporate them into your financial strategies for taking care of your loved ones.

So, here are a few suggestions:

- *Protect your family.* If something were to happen to you, could your family pay the mortgage? Could your children still afford to go to college someday?

To protect your family's current lifestyle and long-term goals, you may well need to maintain adequate life and disability insurance. Your employer may offer these types of protection as employee benefits, but the coverage might be insufficient for your needs.

Consequently, you might need to supplement your employer-paid insurance with additional policies.

- *Invest in your children.* If you

have young children, and you'd like to see them go to college someday, you may want to start putting money away toward that goal.

You can save and invest for college in a variety of ways, but one popular method is through a 529 plan, which offers high contribution limits and potential tax advantages. Plus, a 529 plan gives you significant control and flexibility: – if you establish a plan for one child, but he or she decides not to go to college, you can name another child as the recipient.

- *Be generous.* You don't have to be a millionaire to make meaningful financial gifts to your family.

For example, if you have grown children, consider helping them fund their IRAs. You can't contribute directly to a child's IRA, but you can write checks to your children for that purpose – though, of course, they are then free to do whatever they want with the money.

It's not always easy for a young person to "max out" on an IRA, which has an annual contribution limit of \$5,500 for workers under 50, so any help you can

give your children in this area should be greatly appreciated.

- *Safeguard your own financial independence.* Almost certainly, one of the most undesirable outcomes you can imagine is to become financially dependent on your grown children.

Even if you save and invest diligently throughout your working years, you could still be vulnerable to financial dependency if you need an extensive period of long-term care, such as a nursing home stay.

These costs can be enormous, and Medicare typically pays only a small percentage, and usually for just a limited time.

To protect your financial freedom, you should explore ways of addressing long-term care costs. A financial professional can explain those alternatives that may be appropriate for your situation.

- *Communicate your wishes to your family.* At some point in your life, you will need to draw up your estate plans, which could include a will, a living trust, a durable power of attorney, a health care directive and other documents.

To be fair to your children and other family members, and to avoid hurt feelings, you should clearly communicate your plans and your wishes while you are still around.

Thanksgiving means more than turkey and football. And if you can successfully apply the lessons of this holiday to your financial plans, both you and your family will have reason to be thankful.

The National American Legion History

By Mary Ann Swope
For The Gazette

In the November 4, 2016 issue of The Gazette, we celebrated our nation's Veterans Day on November 11th with a photo story of our local American Legion. Below is a brief history of this patriotic organization.

A group of 20 officers who served in the American Expeditionary Forces (AEF) in France in World War I is credited with planning the Legion. AEF Headquarters asked these officers to suggest ideas on how to improve troop morale. One officer, Lt. Colonel Theodore Roosevelt, Jr., proposed an organization of veterans.

In February 1919, this group

formed a temporary committee, and selected several hundred officers who had the confidence and respect of the whole Army.

The first organization meeting took place in Paris in March 1919, with about 1,000 officers and enlisted men in attendance. The meeting, known as the Paris Caucus, adopted a temporary constitution and the name, "The American Legion."

It also elected an executive committee to complete the organization work. It considered each soldier of the AEF a member of the Legion. The executive committee named a subcommittee to organize veterans at home in the United States.

The Legion held a second organizing caucus in St. Louis, MO

in May 1919. It completed the constitution and made plans for a permanent organization. It set up temporary headquarters in New York, NY and began its relief, employment and Americanism programs.

The American Legion was chartered by Congress in 1919 as a patriotic, mutual-help, war-time veteran's organization. The American Legion is a community service organization now numbering nearly 3 million members of men and woman and nearly 15,000 American Legion Posts worldwide.

These posts are organized into 55 Departments – one each for the 50 states, the District of Columbia, Puerto Rico, France, Mexico and the Philippines.

THE AMERICAN LEGION NATIONAL HEADQUARTERS

The American Legion's national headquarters is in Indianapolis, Indiana, with additional offices in Washington, DC.

In addition to thousands of volunteers serving in leadership and program implementation capacities in local communities to the Legion's standing national commissions and committees, the national organization has a regular full-time staff of about 300 employees.

HAWK Crossing Operational on Cleveland Road at LaSalle Trail

Provided By
St. Joseph County Parks

A newly installed HAWK crossing signal at the LaSalle Trail and Cleveland Road in South Bend is operational as of November 7.

The High-intensity Activated Crosswalk (HAWK) lights up when a pedestrian or bicyclist presses a "Cross" button and waits for the walk signal.

The HAWK crossing signal on Cleveland Road is identical to those used in the Notre Dame area, and elsewhere, at trail crossings.

How it Works:

- The signal remains dark un-

til a pedestrian or bicyclist activates the indicator system at the crossing.

- The signal then flashes yellow, warning motorists a pedestrian or bicyclist will enter the crosswalk.

- A steady yellow light follows, advising motorists to stop.

- The signal then turns solid red, requiring vehicles to STOP at the stop line. The pedestrian or bicyclist will now see the walk indication and proceed into the crosswalk.

- Once the walk time is completed, the signal switches to flashing red.

This indicates motorists must come to a complete stop, but then may proceed through the intersection if there are no pedestrians or bicyclists in the crosswalk.

- The HAWK signal then returns to dark, or its off status, until the system is activated again.

The LaSalle Trail is a north-south bike-pedestrian corridor connecting Roseland with the Darden Road Trail and ultimately to the Riverside Trail that parallels the St. Joseph River along Riverside Drive.

Future plans for the LaSalle Trail include extension to Auten Road, and eventually State Line Road

following a former rail corridor.

At State Line Road, the trail will meet the existing trail that originates in Niles Township.

It is a portion of a larger project known as the Indiana-Michigan River Valley Trail that eventually will connect from Mishawaka into Niles, Michigan and beyond.

The LaSalle Trail is a project of St. Joseph County, St. Joseph County Parks and St. Joseph County Department of Public Works.

A downloadable brochure on how HAWK crossings work can be found here: http://www.drivesafemichiana.com/sites/default/files/pdfs/HAWK_broc.pdf

WORLD SERIES CHAMPIONS

From the historic downtown business district to Migleyville, and all points in between, "W" flags are still flying high above New Carlisle, as local Cub fans celebrate their team's first World Championship in 108 years.

The "W" flag has become one of the most recognizable symbols of the beloved baseball franchise.

The Wrigley Field tradition of flying the "W" flag dates back to 1938. The team began flying a "W" or an "L" flag above the scoreboard to notify Red Line commuters on their way home from work of the outcome of the day's game.

Originally a white letter on a blue background, the "W" flag took its current color scheme in 1982 to match the retired number flag of "Mr. Cub" Ernie Banks.

TURNOVERS END COUGARS' TITLE HOPES, SEASON

By Ken Peterson
For The Gazette

The road to Lucas oil Stadium came to an end for the New Prairie football team in the sectional championship game against Hobart on Nov. 3. Five turnovers were too much to overcome for the Cougars as Hobart won its first sectional title in 19 years with a 35-14 win at Amzie Miller Field. Hobart jumped out to a 7-0 lead in the first quarter and took advantage of a New Prairie turnover for a touchdown late in the first half to push the lead to 14-0. A Nick Wilson to Garrett Ruiz touchdown pass in the final minute of the half cut the margin to 14-7. It was 21-14 in the fourth quarter before Hobart's Nick Ray scored on a 53-yard touchdown on fourth down and a Mickey Wolfe to Brandon James touchdown pass sealed the win. New Prairie ends its season 9-3.
